

Testimonials from Marjory's Buyers:

As a buyer's agent, she was the best listener we've ever worked with. Not only did she understand what we wanted, she grilled realtors to make certain their property met our criteria before showing it. *Buyers from California*

Marjory is not normal; she is exceptional! She not only helped us find a magical piece of property but also negotiated a tricky sale for us with a buyer who lived out of the country.
